# Materials and Product Specification Sheet

Item	Description of Natural Materials
SAMINA Slats	Untreated European, FSC-certified ash wood slats, natural rubber (GOLS-certified organic latex), organic cotton (GOTS-certified) are materials used to make the flexible double layered slats for complete spinal support.
Natural rubber (latex) mattress	GOTS-certified organic cotton; 3" (7.5cm) or 2" (5cm) thick GOLS-certified organic talalay latex.
Climate-regulating wool topper	<i>Cover:</i> Bio-Ceramic Organic cotton fabric; <i>Filling</i> - humanely sourced, minimally processed, lanolin-rich virgin wool from free-roaming sheep in Germany and Austria
Protection cover (BIOFIX)	100% organic cotton with 4 elastic bands in each corner. NOTE: This is not a SAMINA product. Brand Name: David Fussenegger; Product Name: BIOFIX
Duvets	All SAMINA duvets are filled with virgin wool from sheep that have been humanely shorn, and the wool minimally processed for less chemical residue and optimal moisture-wicking and temperature regulation.
Pillows	Most SAMINA pillows stocked in USA are encased in Bio-Ceramic® organic cotton. Fillings may include virgin wool, natural rubber inserts for orthopedic support, shredded rubber, millet and more depending on style.
Lokosana® Grounding Pad	Grounding pads are encased in 100% organic cotton (not Bio-Ceramic organic cotton) and filled with a thin layer of virgin wool, a layer of silver-organic cotton metallic fabric, Swiss bio-magnets and a universal plug (not conductive).
Pummer® Adjustable Inclined Bed Frame and other Pummer furniture	All furniture is hand-constructed by master carpenter in solid, sustainably sourced FSC-certified hard woods. The bed frame has no metal and is adjustable by inserting different feet into the legs for horizontal, 3-degrees or 5-degrees incline. No metal screws or nails in bed frame, however, a small metal screw is used on each hook to attach the headboard to the bed frame. Metal is also used in the self-closing mechanism on night table drawers.
